THE VISIONARY & THE VISION

The Late Bishop Dr. Randolph Austin birthed a vision greater than himself. It was in the year 1986 that the Mount Olive Bible Institute & Seminary opened its doors to fifteen students eager to study to show themselves approved unto God. He was excited to teach the truth of God's word to those that were eager to learn. The school was led by Dr. Austin and as he surrounded himself with profound men and women who carried the gift of teaching to the body of Christ.

The school became a beacon of light here in Brooklyn and Dr. Austin saw the need not only to offer certificate courses, but he wanted to grant his students new insight of deep theological study on a post graduate academia. He sought the help of Frank and Julie Stranges who allowed him to confer earned degrees from the International Theological Seminary of California. With this ability to give students earned degrees Bishop Austin saw his dream, his vision took flight!

God had more planned than Dr. Austin understood in his earlier years of dreaming and the school was also covered by Lighthouse Christian College. Truly as he delighted himself in Christ, God granted Dr. Austin more for his faithfulness. It was in 2004 that the Mount Olive Bible Institute & Seminary was incorporated and by 2009 it became a licensed, accredited school.

Bishop Dr. Randolph Austin got to see his vision materialized and established as God promised him. He saw that because the school doors were opened; it allowed men and women from various denominations to participate and enhance their theological experience of God's word. Our visionary graduated from this life to eternal glory September 2014. We give God great thanks for blessing us with a man with a vision that carried out his mission.
